

BT21 NOVEMBER NEWSLETTER

POINT OF EXCELLENCE BEAUTY ACADEMY FIELD TRIP

On October 27th, 12 of our students visited the Point of Excellence Beauty Salon in Jessup to learn about opportunities in cosmetology. This exposed students to future employment chances and receive advice from current employees.

Junior Ashlee Gilliam said she loved learning about how to “sew in a weave and braid correctly” and appreciated their organized stations. Tyshawna Hayes, a senior interested in cosmetology, appreciated that the salon was “family oriented” and somewhere that you could “learn a lot in a short amount of time.”

ARTS, MEDIA, & COMMUNICATIONS GUEST SPEAKER PANEL

On October 25th, professionals ranging from photography to graphic design to editing and production both came to Homewood and spoke virtually to our students about their careers. Panelists answered prepared questions about what the industry is like, the positives and negatives, and took thoughtful student questions. Students were impressed that our panelists worked for companies like NBC, the NFL, Disney, and more!

UPCOMING EVENTS
